

Dealing with Intoxicated Individuals Online Training Program

Our E-Learning Programs are **FREE** to all CIRMA members.

Course Description:

All of us have likely been around an individual who has drunk too much alcohol at some point. Sometimes these intoxicated individuals can be annoying. Many times the actions of intoxicated individuals can be quite dangerous. Such is the case for law enforcement officers who frequently encounter people who've had too much to drink as part of their job.

Dealing with intoxicated individuals can take up a significant amount of an officer's time on duty. Officers need to understand how to recognize symptoms of intoxication, medical conditions that mimic the symptoms of intoxication as well as symptoms of other drugs/medications that an individual might have ingested. Additionally, officers need to know how to communicate effectively with intoxicated individuals for both the officer and the individual's safety.

Time: Approximately 30 minutes [Preview Dealing with Intoxicated Individuals online training program here.](#)
