## Dispatcher Specialized Call Type (Missing Person/Sexual Exploitation) Online Training Program

Our E-Learning Programs are **FREE** to all CIRMA members.

### Course Description:

Dispatchers are important in law enforcement. They have to stay calm on the line and be able to gather information from victims/witnesses while also giving them instructions. Every case is important in one way or another, but an extremely important case could be when a child goes missing. In the fourth series of the five courses being discussed, this 2 hour online course provides the necessary training in preparing you to handle the high priority/specialized call types that do not happen every day.

**Time:** Two hours
