

CIRMA E-Learning Center

Ladder Safety 101

Online Training Program

Our E-Learning Programs are **FREE** to all CIRMA members.

Course Description

The leading cause of workplace fatalities are falls. Most people believe that this only occurs for those who fall from a great height, while in fact, a fall from even the smallest of step ladders can result in significant injury and even death.

This one hour course will educate you on how to properly use a ladder to minimize misuse that could result in an injury or even death.

Time: One hour [Preview the Ladder Safety 101 online training program here.](#)

Learning Objectives:

At the end of training, you will gain a better understanding of:

- How common ladder related injuries are
- How to choose the right ladder for the job at hand
- How to safely use ladders

Key Topics Include:

- Ladder Facts
- Factors to Consider
- Hazards
- Safety
