

CIRMA E-Learning Center

Youth Sports Injuries Online Training Program

Our E-Learning Programs are **FREE** to all CIRMA members.

Course Description

When children participate in youth sports, there is a risk that they could become injured. As with any risk situation, however, there are elements that can be managed while some simply occur because of a variety of circumstances at the time. In this course, learners will gain understanding about those risks that can be managed and what their responsibilities are, as well as basic knowledge on some of the more common sports related injuries.

Time: Approximately 30 minutes [Preview the Youth Sports Injuries online training program here.](#)
