

CIRMA E-Learning Center

Responding to People With Mental Illness Online Training Program

Our E-Learning Programs are **FREE** to all CIRMA members.

Course Description:

There is a likely chance that a police officer will encounter a person with a severe mental illness at some point. 5% of the US population has a severe mental illness. By understanding how to approach different situations involving a person with a mental illness, then the outcomes will be more positive. Police officers have a tendency to act quickly and violent towards a person with mental illness, when that may not be the best solution. Majority of the time, non-lethal approaches lead to the best solutions. This two hour course will give you the skills needed to approach a situation dealing with a person with mental illness.

Time: Two hours [Preview the Responding to People With Mental Illness online training program here.](#)

Learning Objectives:

At the end of this 2-hour training course, you will be able to understand the following:

- The Problem Of People With Mental Illness
- Understanding Your Local Problem
- Responses to the Problem of People With Mental Illness
