

## Handling Domestic Abuse Calls Online Training Program

Our E-Learning Programs are **FREE** to all CIRMA members.

### Course Description:

While some law enforcement officers will never be involved in certain types of major crimes, there is probably not a patrol officer in America who won't take a domestic abuse call at some point in his or her career. It's important to have an understanding of how to safely handle a domestic abuse call so that you can ensure your own well-being as well as the well-being of all the other parties involved.

In this course, the learner will gain understanding regarding the cycle of abuse, how the mind of the abuser works and the effect the abuse has on the victim, as well as what information to learn before entering the home where an abusive incident has occurred to ensure both the officer's safety as well as the safety of the occupants of the home.
