

CIRMA E-Learning Center

Lockout/Tagout 101 Online Training

Our E-Learning Programs are **FREE** to all CIRMA members.

Course Description

Workers performing service or maintenance on machinery and equipment may be exposed to injuries from the unexpected startup of the machinery or equipment, or the release of stored energy in the equipment. This one-hour course will provide an introduction to what employees are required to know about OSHA's standard on Lockout/Tagout.

Time: One hour [Preview the Lockout/Tagout 101 online training program here.](#)

Learning Objectives:

In this course you will learn about the following:

- Scope and Application
- Definitions
- Materials and Hardware
- Energy Control
- Application of Energy Control
- Release from Lockout/Tagout
