

The State of Connecticut, DESPP/DEMHS will be offering three Cybersecurity Courses from TEEEX, Texas A&M Engineering Extension Service on May 21, 22, 23, 2019 at Central Connecticut State University in New Britain, CT.

Essentials of Community Cybersecurity - AWR-136

Date: May 21, 2019 **Time:** 8:00 AM to 12:00 PM (4 Hours)

Description: AWR-136 Essentials of Community Cybersecurity provides participants with an introduction to concepts related to community cybersecurity. Participants will examine the different types of cyber-attacks, how communities are vulnerable to cyber-attacks and incidents, and what types of organizations are most likely to be targeted. This course will also introduce the participants to the Community Cyber Security Maturity Model and how to use the model to build a community cybersecurity program and their cyber resilience.
