

# CIRMA E-Learning Center

## Ladder Safety 201 Online Training Program

Our E-Learning Programs are **FREE** to all CIRMA members.

### Course Description

Falls are the leading cause of workplace fatalities. Most people believe that fatalities only occur when someone falls from a great height. When in fact, a fall from even the smallest step ladder can result in significant injury and even death. Make sure to review Ladder Safety 101 before completing this course.

This two hour course will help you understand how to properly use specific ladders to minimize misuse that can result in injury or death.

**Time:** Two hours [Preview the Ladder Safety 201 online training program here.](#)

### Learning Objectives:

At the end of training, you will gain a better understanding of:

- Stepladders
- Single Ladders
- Extension Ladders
- Mobile Ladders
- Articulated Ladders

### Key Topics Include:

- Stepladder
- Single & Extension Ladder
- Mobile Ladder
- Articulated Ladders
