Workplace Bullying Online Training Program

Our E-Learning Programs are **FREE** to all CIRMA members.

Course Description

According to the Workplace Bullying Institute, up to a third of workers may be the victims of abuse by workplace bullies. About twenty percent of workplace bullying crosses the line into harassment. Employers are responsible for offering a safe and secure work environment for their staff. This is why it is important for employees to be trained regarding the identification and proper handling of bullying and harassment issues in the workplace. Employees who are educated in recognizing bullying and harassment not only contribute to creating a safe and secure workplace for themselves and their co-workers, but prevent dealing with the negative effects that follow.
