

CONNECTICUT INTERLOCAL RISK MANAGEMENT AGENCY

School Districts Advisory Committee MISSION STATEMENT

The School Districts Advisory Committee was established by the Board of Directors. Membership is comprised of officials from CIRMA-member boards of education and regional school districts who have been appointed by the Board of Directors for two-year terms.

The Committee will have the following responsibilities:

- Assist CIRMA staff in identifying the risk management and risk financing needs and opportunities of Connecticut boards of education and regional school districts.
- Participate in CIRMA's efforts to develop, implement, and monitor products, services, and programs to meet the needs of Connecticut boards of education and regional school districts.
- Review the loss experience of CIRMA-member boards of education and regional school districts to identify loss trends and to develop loss-reduction programs.
- Recommend risk management training programs to meet the challenges faced by Connecticut boards of education and regional school districts. Recommend pertinent topics for workshops and educational manuals and bulletins to address the risk management needs of Connecticut boards of education and regional school districts.
- Recommend ways for CIRMA to reach out to other Connecticut boards of education and regional school districts to explain CIRMA's risk management programs.
- Provide guidance to CIRMA in promoting best practices among Connecticut boards of education and regional school districts with respect to risk management, safety, and loss prevention.
