

CIRMA E-Learning Center

Fire Control - Wildfires and Non-Structural Fires Online Training Program

Our E-Learning Programs are **FREE** to all CIRMA members.

Course Description

Many firefighters spend the majority of their careers fighting structural fires. On occasion, however, you may be called upon to fight wild-land fires or perform rescue operations involving vehicle fires. Knowing the unique characteristics of these non-structural fires can help you safely and efficiently protect those you serve.

Time: Approximately 30 minutes [Preview the Fire Control - Wildfires and Non-Structural Fires online training program here.](#)
