

# CIRMA E-Learning Center

## Bus Safety: Distracted Driving Online Training Program

Our E-Learning Programs are **FREE** to all CIRMA members.

### Course Description

Driver inattention is the leading factor in most crashes and near-crashes, according to a landmark research report released by the National Highway Traffic Safety Administration (NHTSA) and the Virginia Tech Transportation Institute (VTTI). Nearly 80 percent of crashes and 65 percent of near-crashes involved some form of driver inattention within three seconds before the event. Primary causes of driver inattention are distracting activities, such as cell phone use and drowsiness. Reducing operator distractions and improving safety is a shared responsibility of both the transit agency and the operator. This one-hour course is intended to educate bus transit systems employees on how reduce or eliminate distractions while driving.

**Time:** One hour [Preview Bus Safety: Distracted Driving online training program here.](#)

### Learning Objectives:

At the end of training, you will have a better understanding of:

- Agency-controlled distractions.
- Driver-controlled distractions.
- Importance of agency policies and their enforcement.
- Accident documentation.
