

Reporting Cyber Crimes

Prevent Cyber-attacks and **ProteCT** your community

At least **170** county, city or state government systems have experienced ransomware attacks since **2013**-- at least **45** were police and sheriff's offices.*

Local Law Enforcement

must be contacted and will provide guidance on what to do and initiate resources to help you effectively respond to the attack.

Report Cyber Claims Immediately.

For every hour that passes thousands of dollars can be lost and millions of pieces of data can be compromised.

IF YOU THINK YOU MIGHT BE A VICTIM:

1

STOP. Follow directions outlined in your organizational cyber security protocol.

2

CONTACT local law enforcement and CTIC immediately.

3

REPORT the incident **ASAP** to **CIRMA** by calling: **203.498.3019** or **203.804.5917** (after hours)

Connecticut Intelligence Center

Email: ctic@ct.gov

Phone: (860) 706-5500
